Statement of Intent

Health and Safety is of paramount importance to all schools. The Flying High Trust (FHT) has a responsibility to support schools in the Trust in effectively managing all Health and Safety matters in line with legislation, and in ensuring that the requirements of the Health and Safety at Work etc. Act 1974 and other relevant Acts are fully enforced.

The main legislation covering this area of Health and Safety is the Health and Safety at Work etc. Act 1974, in particular, the Management of Health and Safety at Work Regulations 1999. In considering this Policy other relevant Acts and guidance documents have been considered.

In line with the Health and Safety at Work etc. Act 1974 it is the responsibility of employers to ensure Health and Safety is effectively managed, and therefore it is the overall responsibility of head teachers, supported by their Governing Body, to ensure that an effective Health and Safety Policy is in place which is clearly understood by all members of the school community. It is also the responsibility of the Trust to provide support for Trust schools in relation to the development of Health and Safety Policy and Procedures, and also to ensure that all schools effectively comply with Health and Safety Legislation.

In response to the above the FHT will:

- Ensure there is competent person provision in place for all schools
- Provide relevant Health and Safety updates for schools to support them in keeping policies and procedures up-to-date and ensure the FHT policy is reviewed annually
- Work with schools to assess the effectiveness of Health and Safety procedures within their schools, including compliance with Health and Safety legislation
- Provide Health and Safety support, as required, for individual or groups of schools in line with identified need, or support schools in accessing external support from external sources
- Provide access to relevant Health and Safety Training in line with the identified needs of FHT schools or in response to individual school requests
- Support schools in monitoring Health and Safety incidents
- Provide an annual compliance audit to review, ensure compliance and to identify any wider support required
- Ensure each school has in place external Health and Safety support for external audit and support with compliance
- Ensure induction for all schools new to the Trust and key staff with Health and Safety responsibilities newly appointed to role/a Trust school.

The Flying High central team, Governing Body and Head teacher of **Hollingwood Primary School** will meet their responsibilities under the Health and Safety at Work Act and other health and safety legislation to provide safe and healthy working conditions for employees, and ensure their work does not adversely affect the health

and safety of others (including; pupils, visitors, contractors etc.). Details of how this will be achieved are given in this health and safety statement. At a local level, schools should ensure the school policy and Trust policy is practically applied in school and seek advice from the central Trust team as required.

The Governing Body and Head teacher will ensure that effective consultation takes place with all employees on health and safety matters and that individuals are consulted before allocating particular health and safety functions to them.

Where necessary the Head teacher will seek specialist advice to determine the risks to health and safety in the school and the precautions required to deal with them working alongside the Trust central team.

The Flying High central team and Head teacher will provide sufficient information and training in health and safety matters to all employees in respect to the risk of their health and safety by ensuring training records are maintained and training / update training booked as required.

The central team, Governing Body and Head teacher requires the support of all staff to enable the maintenance of high standards of health and safety in the school's activities through staff awareness of policy and procedures.

The school is committed to continually improving its health and safety performance.

This statement includes a description of the organisation of the school and its arrangements for dealing with different areas of risk. Details of how these areas of risk will be addressed are outlined in the arrangements section.

The school, supported by the Flying High Trust central team is absolutely committed to ensuring the required resources are made available to deliver on the intent and practice of this policy.

- Reporting to their Head Teacher any shortcomings in the arrangements for health and safety
- Only use equipment or machinery which they are competent to use or have been trained to use
- Participating in health and safety inspections and the health and safety committee (where appropriate)

Pupils

All pupils are expected to behave in a manner that reflects the Academy standards of behaviour. In particular they are expected to:

- Take reasonable care for their own health and safety and of their peers, teachers, support staff and any other person that may be on the school premises.
- Cooperate with teaching and support staff and follow all health and safety instructions given.
- Not intentionally or recklessly interfere with or misuse anything provided in the interests of health, safety, and wellbeing.
- Report to a teacher or other member of school staff any health and safety concerns that they may have.

Health and Safety Representatives

The Governing Body and Headteacher recognise the role of Health and Safety representatives appointed by a recognised Trade Union.

Trade Union appointed Health and Safety representatives will be allowed:

- To investigate accidents and potential hazards.
- To investigate complaints by constituents about matters relating to health, safety, and wellbeing.
- To make representation to the employer about such matters arising from such complaint and such investigation and on general issues affecting health, safety, and wellbeing in the workplace.
- To carry out inspections within directed time, but wherever practicable outside teaching time.
- To represent constituents in consultation with enforcement agencies.
- To receive information provided by inspectors.

Users on shared site

Where two or more employers share a workplace, each employer shall co-operate with the other employers concerned to enable them to comply with their duties under health and safety legislation. The Academy as the primary site user will have the lead responsibility.

All users of the site must agree to:

- Co-operate and co-ordinate with the Academy on health and safety matters.
- Provide information relating to any additional risks or procedures which will be new or unusual to those at the Academy that may arise from their activities.
- Maintain a standard of health and safety which is reasonably practicable and at least equivalent to the standard maintained by The Academy so as to ensure the health, safety and wellbeing of all school staff and users.
- Meet the insurance requirements of the Academy and the school's insurance provider.
- Familiarise themselves with and communicate to their employees/users the Academy health and safety arrangements.

The Academy will ensure that:

- The premises are in a safe condition for the purpose of use.
- Adequate arrangements for emergency evacuation are in place and communicated.
- Users are consulted and are co-operated with on all relevant health and safety matters.
- The Academy's health and safety arrangements are co-ordinated and made available to shared users.

Persons Letting School premises

The Academy has a lettings procedure. The procedure covers arrangements for fire evacuation, security and the requirements relating to accident, assault and near miss reporting requirements and the provision of first aid.

Persons/organisations letting the site must agree to:

- Co-operate and co-ordinate with the Academy on health and safety matters including arrangements for emergency and first aid procedures.

- Agree to the terms of the lettings policy in relation to health and safety arrangements.
- Provide information relating to any additional risks or procedures which will be new or unusual to those of the Academy that may arise from their activities.

The Academy will ensure that:

- The premises are in a safe condition for the purpose of use.
- Health and safety arrangements are detailed in the lettings procedure and that these are fully explained and communicated.
- Adequate arrangements for emergency evacuation and first aid are in place and communicated.
